Product Details

FEATURES

15MJ Cast Iron Burners with Stainless Steel Vaporisers	Porcelain enamelled cast iron hotplate and grills	Integrated Quartz Start Ignition	Double layer roasting hood with Glass Viewing Window & temperature gauge
Large removable warming rack	For an easy, fast clean up, excess oil is drawn away into a bottom drip tray		

BENEFITS

Flavourful food, without the fuss.
Seal in the flavour with our durable and powerful 15MJ cast iron burners to give you the delicious results you're looking for.

Cook more delicious food on our spacious cast iron cook-top
Cook a feast with our spacious quality cast iron cooking surface. Heat is evenly spread and retained for better results and they are coated for long lasting rust resistance.

Check the meat, whilst retaining heat.
The large viewing window lets you see whats going on under the roasting hood without having to open it keeping the flavour sealed inside so everything simply tastes better.

Uninterrupted cooking with a roll away warming tray.
Designed to keep your food warm until youre ready for it, this handy tray is there when you need it but easily rolled out of the way when you dont.

Ready, start, cook.
Start cooking quickly and easily with the quartz one press start. This first time, every time, easy start ignition system makes sparking up the BBQ a breeze.

Vaporise flare to control the flame for maximum flavour
Our flame tamer prevents fat dripping onto the flame. For even heat and maximum flavour that minimises the risk of burning.

Clean up with ease
Designed for an easy clean up the cooktop draws oil away from the flames and the in-built oil channels draw excess oil to a disposable tray. A bottom drip tray catches any fat from the grill so the mess is minimal.
