24 MJ wok burner	Dual Flame control	Ceramic glass cooktop	Wok stand included
Metalised knob	One hand ignition	Flame Failure Safety Device	Stability with cast trivets
LP conversion kit included (must be installed by licensed tradesman)			

BENEFITS

3 YEAR WARRANTY
Because peace of mind should last as long as great design, this product has three years of trusted Electrolux support. *Available for purchases after 1 March 2026.

INTENSE HEAT RICH TASTE
The powerful 24 MJ wok burner provides the intense heat needed to lock in flavours and textures when stir-frying at high temperatures.

POWER AND CONTROL
Many top chefs prefer cooking with gas, finding easier to adjust to the subtle nuances of heat. With DualFlame, both the inner and outer burner flames can be adjusted. Choose the inner ring for gentle heating and simmering or add the power of the outer ring for intense stir frying, locking in crunch and flavour.

EASY CLEAN AND DURABLE
The flat ceramic glass surface not only makes it easier to clean burnt-on grease and grime to speed up the cleaning process after cooking but it is also very durable for added peace of mind.

STURDY AND STABLE
Sturdy cast iron supports ensure that your pots and pans are stable while cooking.

SAFETY SHUT-OFF
The flame failure safety device automatically cuts off the gas supply if the flame goes out during cooking. This means you can use your appliance at the lowest power without worrying about the flame extinguishing and leaking gas.
