Individual zinc cast iron control dials with clear heat level graphics	Stainless Steel Trolley on castor wheels with spacious side shelves, back bump & two door storage cabinet		

BENEFITS

DURABLE, FLEXIBLE & EFFICIENT
With cast iron burners and stainless-steel vaporisers, you have one of the most durable, flexible and efficient cooking systems available. Cast iron heats quickly, maintains consistency and lasts a very long time. With 15MJ of power in each burner, you can always turn the power down, giving you the choice in what you cook and how you cook it. And the stainless-steel vaporisers efficiently disperse the flames across the grill & plate surfaces whilst reducing those flare ups

SOMETHING ON THE SIDE.
Our integrated & powerful side burner extends outdoor cooking. Saut side vegetables, stir sauces or just cook the onions in a separate pan. If not, needed, fold down the lid for a right hand table

SPACIOUS & DURABLE CAST IRON COOKTOP
Cook up a feast for many for years to come on our spacious & durable cooktop. Made from cast iron, the cooking surface doesn't chip & rust resistant, whilst heating quickly and evenly, holding its warmth for the best cooking experience

THE PERFECT VIEW
Keep an eye on whats cooking without lifting the lid. Maintain heat using the built in temperature gauge or peer through the full width glass viewing window to check how those sausages or brisket are doing.
