Product Details

FEATURES

15MJ Cast Iron Burners with Stainless Steel Vaporisers	Porcelain enamelled cast iron hotplate and grills	Double layer rollback hood with glass viewing window & temperature gauge	Elevated Multifunctional Cooking Rack
Quartz One Start Ignition on all burners	Fully seam welded vitreous enamel fire box	Front access, full width drip tray	Individual zinc cast iron control dials with clear heat level graphics

BENEFITS

DURABLE, FLEXIBLE & EFFICIENT
With cast iron burners and stainless-steel vaporisers, you have one of the most durable, flexible and efficient cooking systems available. Cast iron heats quickly, maintains consistency and lasts a very long time. With 15MJ of power in each burner, you can always turn the power down, giving you the choice in what you cook and how you cook it. And the stainless-steel vaporisers efficiently disperse the flames across the grill & plate surfaces whilst reducing those flare ups

SPACIOUS & DURABLE CAST IRON COOKTOP
Cook up a feast for many for years to come on our spacious & durable cooktop. Made from cast iron, the cooking surface doesn't chip & rust resistant, whilst heating quickly and evenly, holding its warmth for the best cooking experience

THE PERFECT VIEW
Keep an eye on whats cooking without lifting the lid. Maintain heat using the built in temperature gauge or peer through the full width glass viewing window to check how those sausages or brisket are doing.

KEEP IT COOKING OR KEEP IT WARM
The chrome wire elevated cooking rack keeps food warm or use it as a 2nd elevated cooking area

READY, START, COOK
Start cooking quickly and easily with the quartz one start. This first time, every time, easy start ignition system makes sparking up the BBQ a breeze.

CLEAN UP WITH EASE
Designed for an easy clean-up, the hotplate has raised sides preventing grease & oil overspilling, drawing it instead to the plate opening & into the front access catchment tray.
