BENEFITS

DURABLE, FLEXIBLE AND EFFICIENT
With cast iron burners and stainless-steel vaporisers, you have one of the most durable, flexible and efficient cooking systems available. Cast iron heats quickly, maintains consistency and lasts a very long time. With 17MJ of power in each burner, you can always turn the power down, giving you the choice in what you cook and how you cook it. And the stainless-steel vaporisers efficiently disperse the flames across the grill & plate surfaces whilst reducing those flare ups

SOMETHING ON THE SIDE
Our integrated and powerful 17MJ side burner extends outdoor cooking. Saut side vegetables, stir sauces or just cook the onions in a separate pan. If not, needed, fold down the lid for a right hand table.

SPACIOUS, CUSTOMISABLE and DURABLE CAST IRON COOKTOP
Cook up a feast for many for years to come on our spacious and durable cooktop. Made from cast iron, the cooking surface doesn't chip and rust resistant, whilst heating quickly and evenly and holding its warmth for the best cooking experience. The split grill plates also means you can customise your cooking surface as you need it.

THE PERFECT VIEW
Keep an eye on whats cooking without lifting the lid. Maintain heat using the built in temperature gauge or peer through the full width glass viewing window to check how those sausages or brisket are doing.
