Product Details

FEATURES

Fast Heat Up	TFT touchscreen controls	Twin Fan System	Easy guide side racks
Cooler to Touch Doors	Large 125L gross oven capacity	Dark Stainless Steel Finish	

BENEFITS

Dinner's done sooner with our fast heat up oven
Why wait longer? Our fast oven heat up means you can get on with the job of getting dinner on the table sooner.

Twin fan system for even cooking
Cook each dish to perfection with the Twin Fan System. Fans rotate in opposite directions, distributing heat evenly throughout the oven, so you enjoy great results every time.

New Easy-to-use controls
Using our ovens TFT control panel is easier than ordering online food. Oven functions are grouped together to make selecting the right option faster and easier than ever. We even have 4 four options under AirFry to help you select the right one for the right food.

Cooler to touch oven doors
Beautifully designed with Australian families in mind, the multi-layer glazing of our oven doors are cooler to the touch when the oven is hot.

Built in Australia
Westinghouse, has been the heart of the home for generations and the kitchen appliance brand we have always known and trusted to build reliable products. This oven is built in a local factory in Adelaide.

All the room for all your family favourites
If you are serious about creating delicious family feasts and you love entertaining, you'll be right at home with our 90cm oven with a generous 125L gross capacity. That's plenty of room for the biggest Christmas turkey or a weekend roast for all the family. The extra width makes getting things in and out super easy.

Place your shelves in with ease
Our easy guide side racks allow you to place your oven shelves in with ease.

Pages from Westinghouse's own specification. Ask us about this product, we're happy to help.
