Product Details

FEATURES

ComfortLift
ComfortLift makes it easy to load and unload.

MaxiFlex
MaxiFlex drawer space can be adapted to the load.

SatelliteClean
SatelliteClean reaches all items with water jets.

ExtraHygiene
The ExtraHygiene function gives you maximum cleaning performance with hygienic care.

Beam on Floor
Beam-on-Floor shows you when its time to unload.

AirDry
Allows natural airflow in towards the end of the cycle ensuring dry dishes

Eco program
Eco program is water and energy efficient.

BENEFITS

RAISING THE STANDARD
ComfortLift is the first of its kind, making it easier than ever to load and unload your dishes. The unique hinge mechanism allows you to gently lift the lower rack, meaning you no longer need to bend down low to load and unload heavy plates, platters, pots, and pans.

MAKE ROOM FOR MORE
The MaxiFlex drawer accommodates everything from spoons to spatulas. From multiple cutlery sets to over-sized utensils, the flexible dividers mean you can customise the drawer according to the load. Flatware is kept separate from larger items and the added depth increases the capacity for each cycle.

THE GLASS-CARE SPECIALIST
SoftGrips and SoftSpikes gently support your delicate glasses, safeguarding them from damage, while the dedicated glassware program means you no longer have to hand wash. SoftGrips gently secure each individual glass stem, while the rubber SoftSpikes cushion glassware from vibration during the wash cycle so they do not move around.

MAX COVERAGE. MAX CLEAN
SatelliteClean shoots multiple jets of water into every corner of the dishwasher to ensure every item is thoroughly cleaned. The double rotation movement continuously changes the angle of the water jets to ensure maximum coverage, delivering outstanding cleaning results.
