Electrolux ERI955DSE

Product Details

FEATURES

Inverter motor	830m3/hr powerful extraction	Hob2Hood	3 fan speeds plus PowerBoost
Delay off	Clean Filter indicator	LED lighting	Dishwasher safe filters

BENEFITS

3 YEAR WARRANTY
Because peace of mind should last as long as great design, this product has three years of trusted Electrolux support. *Available for purchases after 1 March 2026.

THE QUIET ACHIEVER
Electrolux hoods with inverter technology remove cooking odours from your kitchen air at noise levels as low as 42 dBA*, so you can focus on cooking delicious dishes in a cleaner and quieter environment. Inverter motors are also more durable and energy efficient than traditional motors.*Based on internal test TR000071828/A

LET'S CLEAR THE AIR
Whether you're frying, searing or steaming, efficiently remove cooking vapours and odours from your kitchen in minutes. The powerful motor with high extraction airflow rate of 830m/hr* clears the air quickly and quietly.*Based on internal test TR000071828/A

The hands-free hood
When paired with a compatible Electrolux cooking hob, Hob2Hood automatically switches it on as you start cooking and adjusts the fan speed based on how you are using your hob. This means you can boil, sear or stir-fry without having to touch your hood with greasy fingers.

EXTREME EXTRACTION WHEN YOU NEED IT
When your kitchen fills with smoke or strong aromas, PowerBoost kicks into high gear for maximum extraction power instantly, clearing the air fast so you can keep cooking without the haze or lingering smells.

FRESH AIR EVEN AFTER YOU'RE DONE
Our delayed shut off keeps your hood running for a few extra minutes after cooking, clearing away lingering steam and odours. So your kitchen stays fresh and clean, without you lifting a finger.
