Product Details

FEATURES

Inverter technology	Quick and easy-to-use dial control	One touch Quick start	Auto-return turntable
1100 watts power	11 auto menus	10 power levels	

BENEFITS

Even cooking, made faster
Inverter technology delivers a steady flow of power for more even heating, so your food cooks consistently without hot or cold spots. Its also designed to cook faster and more efficiently, helping you get better results.

Stylish and functional control panel
The new sleek, seamlessly designed microwave fits perfectly into your kitchen, with a touch control panel and an easy-to-use knob, you will have a simple to use and stylish microwave all in one with a control panel that is much more durable and long-lasting.

Heating in a hurry with the press of a button
In a rush and need a quick re-heat? The quick start function automatically adds 30 seconds to your time, with just the press of one button, making it easy for the quick heat-ups.

Easy access, every time
The auto return turntable resets to its starting position when cooking finishes, so your dish is right where you expect it. It makes handling hot food simpler, safer and more convenient.

Fast heat, ready in moments
With 1200 watts of power, this microwave heats your food quickly and evenly. Its a simple, reliable way to satisfy cravings fast and keep meals moving.

Set and forget
Take the guesswork out of microwaving with our pre-defined set of Auto Menus that are designed to cook specific foods, such as popcorn, soup, and pasta. The menus will select the correct power level and cooking time making it easier for you.
