Two twist & serve icemakers in freezer	Quick Chill & Quick Freeze Functions	Energy saving holiday mode	Electronic touch controls
LED lighting	Egg tray	Fridge and freezer door alarm	All Round Cooling

BENEFITS

FreshSeal Crispers
Storing vegetables and fruit has never been so easy. Our dual FreshSeal Crispers offer a convenient storage solution for your fresh produce. They come in a great size to store fruit in one, and vegetables in the other.

Non plumbed filtered and chilled water
Designed to quench the needs of even the thirstiest family member, the non plumbed filtered water dispenser built into the fridge door will eliminate thirst in your household with refreshing convenience.

Not just one, but two
Double your icemaking with two twist and serve ice makers - one in the door and one on the shelf. Simply fill the tray, let if freeze and then twist into the ice caddy, so you will always have plenty of ice for those summer drinks.

Contain the mess
Spills happen, but when they do, the world doesn't have to end. The Westinghouse SpillSafe™ glass shelves help with the mess by containing the spilt liquid to one shelf, so you have less to clean.

Chill out with Quick Freeze
Quick Freeze brings the temperature of your freezer down to freeze food quickly.

Cool your groceries fast
Activate the Quick Chill function to cool your groceries fast, keeping them fresher for longer.

All Round Cooling
Protects the quality of your food ensuring the most stable temperature and humidity in the whole fridge.
