Product Details

FEATURES

Fast wash programs

Wash options you really need

Inverter motor
The inverter motor delivers quieter operation, improvements in energy efficiency and improved durability, backed by a 10 year parts and labour inverter motor warranty ensuring peace of mind.

Delay end option to plan when your wash finishes

Gentle drum

BENEFITS

A cooler clean
The tiniest fingers might leave the biggest imprint on your heart but they won't on your clothes thanks to our PreMix+ technology. For a wash at cooler temperatures, PreMix+ blends detergent with water and pressure sprays it onto the load to reduce detergent residue.

Keep you on time
Let our handy time remaining display count down to the program finish, so you know when your wash will be done. If only bedtime was that easy.

Softly does it
Honey, you won't shrink the kids or any of your other favourite items with our gentle wash action a handwash equivalent for your delicates at the press of a button.

Ease your load
You wont need a background in IT to operate our easy use, easy clean, inclusive control panels. Because technology is supposed to make your life easier.

Help in a hurry
Whether its a fast 20 minute wash because your favourite top needs a freshen up, a 45 minute mid-week daily wash or a Fulload 60 program after a muddy weekend of sport, our Fast Wash Programs mean you can get on with your day without delay.

Save water, choose Westinghouse
Our auto water level sensor conserves precious H2O, automatically choosing the ideal water level for each wash. If only it could perfectly pour your Friday night wine, too.

Pages from Westinghouse's own specification. Ask us about this product, we're happy to help.
