WARRANTY (DOMESTIC USE)

Heat exchanger: 10 years (pro rata) / Parts and labour: 1 year

Conditions: domestic use; installed by a licensed tradesperson to Rinnai's instructions; heat exchanger cover is pro rata after the first years where stated. Summary of the Rinnai warranty booklets, checked 7 November 2026. Full terms from Romano or the brand.

FEATURES

- Largest Energysaver, heats open plan areas up to 119 m2 (Rinnai figure)
- Power flue: no fumes in the room
- Economy mode, dual timers and pre heat mode
- Built-in humidifier tray and child lock
- Electronic thermostat control panel

DIMENSIONS

The dimension drawing and full specifications from Rinnai follow on the next page.

Rinnai

Comfortable, warm and efficient

Economy Mode Function

Economy Mode allows the heater to modulate down after 1 hour when set temperature is reached. Reduces running costs with no noticeable change in temperature

Auto Off Function

Auto off function operates when the minimum heat setting of the heater still has too much heat output to maintain the set temperature. If the auto-off feature is activated, the heater would turn off rather than heat the room above the set temperature.

A real breath of fresh air

With a minimum energy efficiency rating of 4.8 Stars, our range of Energysaver® heaters outperform almost all other forms of heating.

Ideal for those susceptible to allergies or respiratory problems, these heaters send out warm, clean air and create zero emissions into the room,

Packed with features including electric thermostat, inbuilt humidifier tray and child lock - the Energysavers are a practical heating solution.

Available in a range of sizes and encased in a sleek design, there's a Rinnai Energysaver for every home.
