Maintenance and care instructions	Clean the sink regularly with warm water, a liquid detergent and a soft cloth. Do not use abrasive powders or creams and avoid chemically aggressive detergents. Generic stains should be removed immediately with very hot water and a cleaning product. For organic stains which are especially difficult to remove, it is recommended that you fill the sink with a highly diluted organic cleaner such as bleach and let stand overnight. The next morning, rinse with warm water and a soft cloth.

Included accessories /

AC11
Basket Wastes with Rectangular Overflow
