Installation Notes

Please consult the installation guide supplied with your chosen in-wall cistern to install this toilet suite.

The technical drawings below provide relevant dimensions for installation.

IMPORTANT:
When marking inlet positions, please note that dimensions provided are from finished floor and wall levels (e.g. finished tile surfaces).

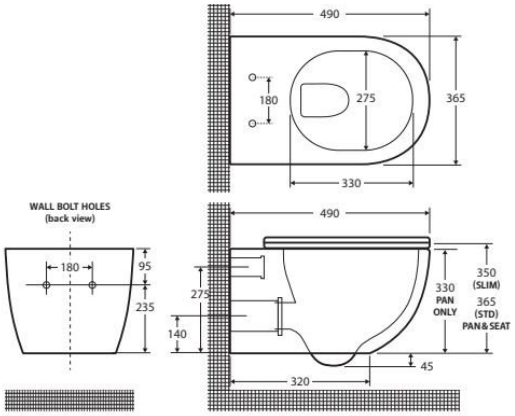

PLEASE LEAVE THIS GUIDE WITH THE OWNER

CHECK GOODS THOROUGHLY BEFORE INSTALLATION
Installation of received goods that are damaged, warped or faulty will void warranty. Ensure all items meet your plumbing requirements.

fienza INSTALLATION GUIDE

Wall Mounting Instructions

COMPONENTS

2 x Mounting Rods

2 x Screw Fittings

1 x Hex Key

PRE-FITTED COMPONENTS

2 x Mounting Plugs

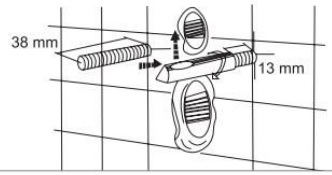

2 x Mounting Plug Screws

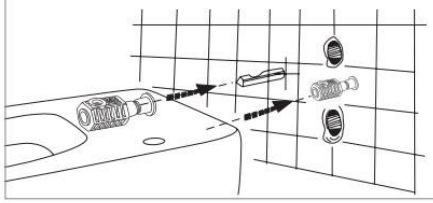

2 x Washers

1 x Plug Screw Key

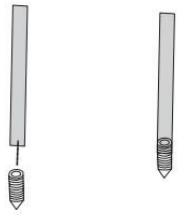

1. Screw the mounting rod onto the fixing screw protruding from the wall. Ensure that the notches in the rods are facing up. Line up the fixings to the seat slots and click into place.

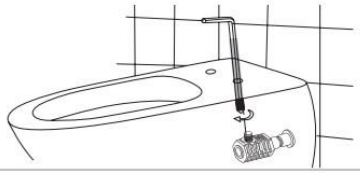

2. Move the pan into place sliding it over the mounting rod and flush with the wall. Plugs come pre-fitted to the pan.

3. Place the plastic pipes over the two screw fittings.

4. Insert the hex key into the other end of the plastic pipe and screw the fitting into place as shown above. Remove the plastic pipe and hex key.

All installations should be carried out by a qualified tradesman in compliance with the National Plumbing & Drainage Code and any State or Local Authority Regulations, in accordance with AS/NZS 3500 series of standards and AS/NZA 6400. All measurements are in millimetres and are subject to change without notice. For ceramic products, please allow +/- 10 mm tolerance for manufacturing variance. Please refer to fienza.com.au for the latest product specification.
